IT'LL ALL COME OUT

written by Dan Parks

Two men are out in a field

One can't stay but the other one will

That's what the Lord told us about

In the end times it'll all come out

Two women grindin' at the mill

One is taken, that's when it gets real

That's what the Lord told us about

In the end times it'll all come out

Husband and wife, goodnight said

One is taken, one is left in bed

That's what the Lord told us about

In the end times it'll all come out
