ROAD TO YESTERDAY

written by Dan Parks

I'm takin' a road to yesterday

'Cause there I know you'll never say goodbye

So don't ask why

If only you'd stay here with me

I'd give a lifetime just to see you smile

For a little while

And I'm not asking for a promise

I just want to tell you what you mean to me

And you know there ain't no reason it should change anything

But I love you

I'm holdin' on to memories

But don't you think if I could read your mind

That I would find

There's still a love inside of you

Though you don't let it show like I do

I know that you feel it too

And I'm not asking for a promise

I just want to tell you what you mean to me

And you know there ain't no reason it should change anything

But I love you

And I'm not asking for a promise

I just want to tell you what you mean to me

And you know there ain't no reason it should change anything

But I love you

And I'm not asking for a promise

I just want to tell you what you mean to me

And you know there ain't no reason it should change anything

But I love you

I love you

I love you
