LET NOT YOUR HEART BE TROUBLED

written by Terry Parks

Wars and rumors of wars

Nations rise against nations

Times like never seen before

Famines and pestilences

Earthquakes in diverse places

All these things are at the door

Yes, but there's more

Jesus said so tenderly

To you and me, let not your heart be troubled

All these things must come to be

Just trust in me, let not your heart be troubled

Like the pains that come before a birth

So is my coming to earth

Remember child to me you're dear

You must not fear, let not your heart

Let not your heart, let not your heart be troubled

Men's hearts failing them for fear

His coming is near, let not your heart be troubled

When there's hopelessness all around

Just think where we're bound, let not your heart be troubled

This old world has shown it can't help itself

And it's falling apart

Just lean your head upon his breast

'Cause there you can rest, let not your heart

Let not your heart, let not your heart be troubled

Yes, this old world has shown it can't help itself

And it's falling apart

Soon the universe will sing

Jesus is king, let not your heart

Let not your heart, let not your heart be troubled

Let not your heart

Let not your heart

Let not your heart be troubled
