HOLD ON RONNIE

written by Dan Parks

Hold on Ronnie, now just slow down

You know I want you to stay around

Seems like everyone's got a theory

Telling you how it should be

Sitting in a coffee shop, I looked into your eyes

We said that we would always be together

Your friend told you that there was another in my life

But you know that I want to hurt you never

Hold on Ronnie, now just slow down

You know I want you to stay around

Seems like everyone's got a theory

Telling you how it should be

I don't care what my friends said

Or all these voices inside my head

If I told you that I was sorry

Would you turn around and come back to me?

My friends told me that it's better if I let you go

They said, "That girl is not the one for you guy"

But I've been thinking we may be the only ones who know

That our love is worth so much more than one try

Hold on, Ronnie, now just slow down

You know I want you to stay around

Seems like everyone's got a theory

Telling you how it should be

I don't care what my friends said

Or all these voices inside my head

If I told you that I was sorry

Would you turn around and come back to me?

Na-na...

Na-na...

Na-na...

Na-na...

Hold on, Ronnie, now just slow down

You know I want you to stay around

Seems like everyone's got a theory

Telling you how it should be

I don't care what my friends said

Or all these voices inside my head

If I told you that I was sorry

Would you turn around and come back to me?
